

# 210\*285mm

## Instructions

### IP66 LED CCT Batten Fittings -BTCT SERIES CCT Changeable & Power Adjustable

Please read these instructions and retain them for future reference.

#### Important information

It is recommended that the fittings are installed by a qualified electrician ensuring the installation complies with current IEE wiring regulations & local building control.

- These products are designed for connection to a 220-240V mains supply.
- We cannot accept responsibility for any claims arising from a poor installation.

#### Important User Advice

- Always switch off mains supply before installation.
- The fitting is suitable for indoor and outdoor use.
- The installation must not infringe on water pipes or any other electrical services.
- The light fitting is Class I and it requires an earth connection.
