

ELDON.

Plaster-in adjustable gu10 downlights are designed to be plastered into a ceiling during the early stages of a build allowing for the downlight to be fitted at a later stage and to conceal the bezel which gives a seamless and trimless finish.

- ✓ Quick fit push terminal block
- ✓ GU10 bulb required
- ✓ Designed for seamless finish
- ✓ Fully adjustable - 20 degree tilt

2021 No. 1095
